An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Alexander Zinchuk (Reg. No. 30,541) on 5/2/2005.

The application has been amended as follows:

In claim 9, in line 1, "6" has been changed to --7--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The art of record considered as a whole, lone or in combination, neither anticipates nor renders obvious an at least partially percussive electrical hand tool machine having a portable housing, a striking mechanism module connected vibration-damped to the portable housing and having a plurality of electrical lines for electrical connection of the striking mechanism module that is moveable relative to the housing, wherein the electrical lines are non-vibrationally attached in a bending flexible wiring bridge arranged transverse to the striking axis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
